

Let's Clean Up Our Beaches!

September 2020

International Coastal Cleanup 2020

It's time for the annual International Coastal Cleanup 2020 and we're looking forward to seeing everyone tomorrow!

Our beaches are seeing the effects of the passing storms as plastics and other debris wash up along the coastline.

Join us tomorrow, Saturday, September 19th from 8 am to 11 am as we work to spruce up our beaches and waterways.

Volunteers and team captains will be at strategic locations to provide bags and gloves throughout St. Johns and Flagler counties.

Bring your family, friends, neighbors, co-workers and civic organization members for a morning of service that will make a big impact!
